

THE CENTRES FOR HEALTH RESEARCH

PRESENT

30 Minutes Research-Focussed Info Sessions

Dr Jane Olsson

**“Metro South
Research Support Scheme”**

July Information Session :

“Wednesday 26 July 2017

10:45am to 11:15am

**Translational Research Institute
Room 2004,**

What funding is available

may include:

Eligibility Criteria

How to Apply

The Metro South Health Centres for Health Research

- is the coordinating body for research at the Princess Alexandra Hospital (PAH). It also serves the rest of Metro South Health through the Metro South Health Human Research Ethics Committee (HREC).
- foster all forms of research across the PAH campus—from basic biomedical to translational, clinical, health service and population health research.
- coordinate the Research Support Scheme – an annual research funds allocation to Metro South Health researchers and partner academic institutions.

2018 Metro South Research Support Scheme

Opening 17 July, 2017!

Grants Available:

- Postgraduate Scholarships
- Postdoctoral Early Career Fellowships
- Clinical Fellowships (*Applications open*) <https://smartjobs.qld.gov.au/jobs/QLD-PA07248406>
- Small Grants
- Project Grants
- Health Systems & Health Economics Grant
- Trauma & Disaster Management Grant

Applications close 9am Monday 21st August, 2017

For guidelines, application forms and/or further information visit

For Medical Graduates wishing to undertake research as part of vocational specialist training, or for a bridging period towards a doctoral degree

Award Type	Applicant Qualification	SERTA funding	Duration
Medical	For medical graduates who have completed or are about to complete clinical training	\$75K pa pre-tax salary support	Up to 1 year

3 x SERTA Fellowships Offered:

1. *The Applicant and Mentor must be a member of staff of Metro South with a minimum 0.5 FTE appointment for the duration of the grant;*
2. *Nominated co-investigators must be a member of Metro South Health or a member of staff at an affiliated partner university school or research institute*
3. *The majority of the research must take place within a MSH facility*

Apply via [Smartjobs.qld.gov.au](https://smartjobs.qld.gov.au)

RESEARCH

Small Grants

Provide \$25K as seed funding for studies that have the potential to build capacity

Eligibility	SERTA Funding	Duration
<ol style="list-style-type: none"> The Applicant must be a member of staff of Metro South with a minimum 0.5 FTE appointment for the duration of the grant; Nominated co-investigators must be a member of Metro South Health or a member of staff at an affiliated partner university school or research institute with a minimum of 0.5 FTE The majority of the research must take place within a MSH facility The research must demonstrate cross disciplinary collaborations The proposed research must not currently be funded by any organisation listed on the Australian Competitive Grants Registry 	<p>\$25K</p>	<p>Up to 1 year</p>

3 Small Grants Offered

RESEARCH

Project Grants

Provide \$75K for defined projects that have the potential for the research outcomes to be translated into improved health outcomes and / or result in future NHMRC grants

Eligibility	SERTA funding	Duration
<ol style="list-style-type: none"> 1. The Applicant must be a member of staff of Metro South with a minimum 0.5 FTE appointment for the duration of the grant 2. Nominated co-investigators must be a member of Metro South Health or a member of staff at an affiliated partner university school or research institute with a minimum of 0.5 FTE 3. The majority of the research must take place within a MSH facility 4. Multi-site collaborations that strengthen collaborative research will be highly regarded 5. The research must demonstrate cross disciplinary collaborations 6. The proposed research must not currently be funded by any organisation listed on the Australian Competitive Grants Registry 	\$75K	Within 2 years

3 Project Grants Offered:

Health System and Health Economics Project Grants

Provide \$75K for defined project focussing on both health systems and health economics

Eligibility	SERTA funding	Duration
<ol style="list-style-type: none"> 1. The Applicant must be a member of staff of Metro South with a minimum 0.5 FTE appointment for the duration of the grant 2. Nominated co-investigators must be a member of Metro South Health or a member of staff at an affiliated partner university school or research institute with a minimum of 0.5 FTE 3. The majority of the research must take place within a MSH facility 4. The research must demonstrate cross disciplinary collaborations 5. The proposed research must not currently be funded by any organisation listed on the Australian Competitive Grants Registry 	\$75K	Within 2 years

1 Health Systems and Health Economics Grant Offered

Trauma and Disaster Management Small Grant

Provide \$25K as seed funding for studies that have the potential to increase the evidence base of trauma clinical practice

Eligibility	NCCTRC Funding	Duration
<ol style="list-style-type: none"> The Applicant must be the Principal Investigator on the application and a member of staff of a Queensland Hospital and Health Service or Northern Territory Health Service for the duration of the grant The team must include a medical doctor, nurse or allied health professional The team must have no more than 4 co-investigators and 2 associates investigators The proposed research must not be concurrently funded by the ARC, NHMRC or any other organisation on the Australian Competitive Grants Register 	<p>\$25K</p>	<p>Within 2 years</p>

1 Small Grant Offered

Trauma and Disaster Management Project Grant

Provide \$75K for research in trauma and disaster management with the following aims:

- Increase the evidence base of trauma clinical practice
- Develop research collaborations between Queensland Hospital and Health Services and Northern Territory
 - Improve trauma patient outcomes through research

Eligibility	NCCTRC Funding	Duration
<ol style="list-style-type: none"> 1. The Applicant must be the Principal Investigator on the application and a member of staff of a Queensland Hospital and Health Service or Northern Territory Health Service for the duration of the grant 2. The team must include a medical doctor, nurse or allied health professional 3. The team must have no more than 4 co-investigators and 2 associates investigators 4. The majority of research activity must take place within a Qld hospital and Health Service or Northern Territory Health Service or in partnership with another health service facility or organisation within Queensland or the Northern territory that is acceptable to the CCTRC 	<p>\$75K</p>	<p>Available over 2 years</p>

1 Project Grant Offered

Where to start?

1. Go to: <https://metrosouth.health.qld.gov.au/research/grants-and-funding/research-support-scheme>
2. Read the Funding Guidelines
3. Consider your Eligibility criteria
4. Complete Application form
5. Prepare a Word and a signed PDF version
5. Submit both to CHR-RSS@health.qld.gov.au
6. Closing date 21 August 2017
