

Company Profile

Australian company, BioTools' primary aim is to provide innovative tools and solutions to the Life Science, Diagnostic & Scientific community. Our focus is on Liquid Handling, Biospecimen Storage Solutions (2D Barcode Tubes), PCR, Cell Biology and Lab Equipment.

 From Brooks LIFE SCIENCES	PCR and Next Generation Sequencing Consumables, Microplates, Microplate Sealing and Heat-Sealing Instruments
	Scientific Laboratory Balances, Moisture Analysers, Viscometers
	PCS® Pipette Calibration System, MVS® Multichannel Verification System
	Flexible Benchtop Automation, Automated Nucleic Acid Extraction, High Throughput Liquid Handling, Lab Automation
 From Brooks LIFE SCIENCES	Cell Cryopreservation Systems, Sample Cooling, Freezing & Snap Freezing, Sample Transport, Accessories
	Sample Management Automation, Tube Handlers, Volume Detection, Tube Labellers
	Automated Sample Storage Systems: Ambient to - 20°C, - 80°C & - 190°C Cryogenic; Informatics Systems, Sample Consumables and Instruments, Sterilisation Services, Microplate Coding Systems
	Electrophoresis Equipment and Scientific Instruments for Life Sciences
	Inventory Control System, Boxes, Freezer Rack Configuration
	Laboratory Refrigerators and Freezers with Chemical Storage and Spark-Proof options, Large Refrigerated Shaking Incubators, Test Chambers, Warmers
	Cryopreservation Workflow Solutions, 2D Barcode Tubes, Tube & Rack Scanners, Decappers/Recappers
	Sample Management Software, Laboratory Management Software
	Laboratory Equipment: Centrifuges, Colony Counters, Magnetic Stirrers, Portable Centrifuge Kits, Vortex Mixers
	Scientific Instruments & Systems, Water Quality Monitoring & Meters
	VIAFLO Pipetting: VIAFLO EVOLVE Manual Pipettes, VIAFLO Electronic Pipettes, VIAFLO ASSIST PLUS and ASSIST, VOYAGER Adjustable Tip Spacing Pipette, VIAFLO 96 384 Handheld Pipetting, VIAFILL Reagent Dispenser INTEGRA: FIREBOY Safety Bunsen Burner, FLAMEBOY Surface Sterilisation, PIPETBOY Pipetting Controller, DOSE IT Peristaltic Pump, MEDICLAVE & MEDIAJET for Media Sterilisation, VACUSIP & VACUSAFE for Waste Aspiration and Removal
	Dispersers (Homogeniser), Hotplates, Hotplate Stirrers, Magnetic Stirrers, Mills, Overhead Stirrers, Shakers
	Autoclaves, Environmental-Humidity-Testing Chambers, Lab Freezers & Refrigerators, Furnaces, Incubators, Measuring Meters, Ovens, Spark Proof Chambers, Water Distillers
	Microscopes, Microscope Cameras
	Automated Cell Counters
	Patented Bullet Blender Homogeniser, Automated Western Blot Processor (BlotBot), CO2 Induction System, Syringe Pumps
	Laboratory Equipment; Dry Block Heaters, Hybridisation Ovens, Mixers & Shakers, Shaking Incubators, Refrigeration Units, Immersion Heater Circulation, Waterbaths (Heated, Shaking and Unheated), Warming Trays
	Automated Tube Labelling, Tube Sorting and Handling, Liquid Dispensing, Uncapping & Recapping, Bulk Tube Handling, Barcode Scanning, Microplate Handling, BB Dropper
	Centrifuges, Digital Dry Block Heaters, Vortex Mixers, Mixers & Tumblers, Plate Spinners, Platform Rockers
	Autoclaves, Drying Cabinets, Environmental Chambers, Incubators, Ovens, Shaking Incubators, Waterbaths
	Laboratory Equipment: Incubators, Ovens, Slide Warmers, Waterbaths, Temperature & Humidity, Plant Growth
	Ultrasonic Baths and Cleaners
