

We are excited to invite you to a delightful morning tea event, where we will be introducing BGI Australia's cutting-edge sequencing services.

 9th of August 9:30-11:30am

 Level 7 staff lounge at TRI.

BGI Australia is a leading provider of genomic sequencing solutions located at Level 6 of QIMR Berghofer. Our commitment to delivering accurate and reliable results, coupled with competitive pricing, makes us the perfect partner for your research endeavors.

During the morning tea event, you'll have the opportunity to:

Learn about the full range of sequencing services we offer, including Whole Genome Sequencing, Exome Sequencing, Transcriptome Sequencing (RNA-Seq) Single-cell Sequencing.

Explore our NATA accredited laboratory in Brisbane, where all the sequencing magic happens!

Engage in discussions with our team of experts, who will be available to answer any questions and discuss potential collaboration opportunities.

Enjoy a delightful spread of refreshments, while networking with fellow researchers and expanding your knowledge of genomics research.

We sincerely look forward to welcoming you to our morning tea event and sharing our passion for genomics research!
